

Off-Campus Study Advising

Program	Location
---------	----------

This form is for your use in estimating the costs for your term(s) abroad and the financial resources available to fund them. Consider things like the length of your stay (one month, one semester, or the full year), the location, and the cultural and geographic opportunities you would like to take advantage of while you are off campus. Financial aid typically travels with you during your time abroad, but check with the Financial Aid Office on campus to be sure of that.

² **Hope College students are charged Hope tuition unless the program tuition is higher.** In the case that the program tuition is higher, Hope will charge the higher program tuition. Room and board is always charged by the program at their rates, not by the College.

³ Check the provider's website to determine the costs specific to your program. Note the number of meals that are included with your housing.

⁴ Not all scholarships will travel with you while you are off campus. Most financial aid will travel, but sometimes there are exceptions. Be sure to check with the Financial Aid Office to make sure that you know whether or not your scholarships and/or financial aid will apply to your semester away from Hope.
